

# Violence at Work Awareness e-learning

## Introduction

Our violence at work awareness course provides essential knowledge for recognising, preventing and responding to workplace violence. Designed for both employers and employees, it builds confidence in identifying risks, understanding responsibilities and promoting a safer working environment.

As part of our modern learning approach, this qualification is available through **interactive e-learning**, designed to increase engagement, flexibility and learner confidence. Our digital platform supports active learning through scenario-based activities, short knowledge checks, multimedia content and tutor-supported forums. This enables learners to study in a way that suits their schedule and preferred learning style.

## Course Duration

We offer this as a flexible e-learning course, allowing delegates to study anytime, anywhere and at a pace that suits them.

Delegates will be given a six-month licence from first access to complete the course. Once this licence expires, delegates will be required to pay a fee to reactivate it and should contact our Customer Service Team for more information.
