

ISEP Foundation Certificate in Environmental Management

Introduction

ISEP is the membership body for more than 15,000 environment and sustainability professionals worldwide. Supporting individuals and organisations in setting and achieving globally recognised standards for sustainable practice will, in turn, drive the development and uptake of sustainability skills.

This course will provide delegates with a foundation of environmental and sustainability knowledge to build on. Covering a wide range of environmental, sustainability and governance principles, delegates will gain an understanding of the breadth of the sustainability agenda, and the management tools and skills that they will need when working within this area.

Course Duration

SSG offer this course over five days as a classroom course.

Course Attendees

This course is aimed at delegates who are beginning a career in environmental management and want a solid foundation of environmental and sustainability expertise to build on.

There are no formal entry requirements for this course.

Course Programme

- Implications of global trends for the environment, society, the economy and organisations
- Sustainable business / governance principles
- Environmental principles
- Major policy and legislation
- Major tools, techniques, systems and practices to improve sustainability performance
- The role of innovation in developing sustainable products, services and solutions
- Data collection, analysis and evaluation
- Research and planning for sustainable solutions
- Effective communications and feedback
- Stakeholder engagement

- Tools and techniques to identify opportunities and risks
- Environmental and sustainability performance improvement

Training Certification and Assessment

Assessment is through a one-hour open book online multiple-choice exam. This exam must be completed within 28 days of the start of the examination period, and delegates must have access to a device with a reliable internet connection. Delegates will receive login details to their registered e-mails prior to the examination period starting, and they are responsible for undertaking the exam in accordance with the ISEP regulations.

Following successful completion of the course and exam, delegates will receive an ISEP certificate. Delegates will also become eligible for Associate membership, giving them the AISEP suffix and the benefits of ISEP membership. One year's membership is included as part of the course registration.
